

This September, Disney+ will give an exclusive glimpse into the famously private world of superyacht brokerage with Yacht Deals Monaco, a new series following the multi-million-euro deals and personalities shaping the industry on the Riviera.

The star of the series is [Cornelius Kistler](#), the Basel-based entrepreneur behind international yacht brokerage [breezeYachting.swiss](#) [Breeze Yachting](#). Built around Swiss values of honesty, discretion and transparency, Breeze is taking a fresh approach to yacht brokerage, with a focus on wellness and longevity and the use of technology to give sellers greater visibility and buyers more clarity throughout the process. Cornelius offers an interesting perspective on modern yacht brokerage, entrepreneurship and the changing nature of wealth.

We are pleased to invite you to meet Cornelius at the Cannes Yachting Festival, where we'll be hosting an evening drinks reception at which the trailer for the series will be screened:
