

ULTIMA 88

A New Wave of Excellence

Sunreef Yachts proudly introduces the all-new ULTIMA 88 — the latest addition to the groundbreaking ULTIMA range and a bold new chapter in modern yachting design. Combining high performance, refined comfort and an immersive connection to the sea, the ULTIMA 88 redefines luxury multihulls.

With her sleek, sporty silhouette and dynamic presence on the water, the ULTIMA 88 represents a forward-thinking approach to yacht architecture. Blending the agility and performance of a monohull with the stability, generous living space and shallow draft advantages of a multihull, the yacht delivers a truly versatile cruising experience.

Available with either high-performance power propulsion or an advanced hybrid configuration enabling quiet electric cruising, the ULTIMA 88 offers an exceptional balance between speed, efficiency and onboard comfort. Powered by twin 1000 Hp engines, the yacht reaches top speeds of up to 26 knots, while maintaining smooth maneuverability and responsive handling.

At the heart of the ULTIMA 88 experience lies the spectacular Ocean Lounge — a transformative waterside living space designed to maximize the connection to the ocean. Expansive fold-out bulwarks combined with a large aft platform create a seamless walkaround beach club environment, opening the yacht entirely to the sea. The spacious stern garage provides practical storage for a jet ski and a wide selection of water toys, ensuring effortless access to watersports and adventure. For those seeking a more intimate atmosphere, the yacht also features a private relaxation area at the bow.

The aft cockpit serves as an elegant alfresco dining and socializing space, offering full-beam lounging areas with generous sunpads and sofas. From here, guests transition seamlessly into the main saloon through expansive glass doors that flood the interior with natural light.

Inside, the ULTIMA 88 combines contemporary luxury with a relaxed lifestyle-oriented layout. The main deck saloon features a spacious lounge area to starboard and a formal dining space to portside, while a bar and additional lounging area towards the bow create a sophisticated social hub onboard.

The full-beam owner's stateroom delivers outstanding comfort and privacy. Designed with generous glazing to maximize natural light and ocean views, the suite includes a walk-in dressing area and a vast master bathroom.

The guest accommodation continues the yacht's refined design language, offering spacious ensuite staterooms with large beds, integrated entertainment systems and carefully curated interiors focused on comfort and tranquility.

Above, the flybridge provides a large open-air entertainment deck with panoramic views and multiple lounging and dining areas. Fully customizable to owner preferences, the space can accommodate features such as a jacuzzi, wellness or workout area, making it the perfect setting for relaxation and entertaining alike.
