

It is mandatory to consult the Fire and Safety Regulations. Two documents are included with them that you must return to us: the Safety Form and the Electricity Certificate.

Order form to be returned to service.technique.yachting@rxglobal.com by 15/07/2026.

IMPORTANT

- ▶ For exhibitors with several boats in water: we remind you that you can connect only ONE boat at a time per power supply and that it is strictly forbidden to make your own connection or to modify the existing installations.
- ▶ Provide adapters to European standards. Certain adapters may be sold on site subject to availability at your Exhibitors Desk.
- ▶ Late orders may cause malfunctions during the Festival. Also, beyond the deadline, the organisation cannot guarantee the feasibility of your order. We recommend that you order your electrical power as soon as possible.
- ▶ **Please note:** on site it will no longer be possible to order and/or modify electrical power ordered.

We remind you of the following rules:

- From July 15 to August 20, 2026, a **30% surcharge will be applied** for any order or modification of electrical power and the organisation cannot guarantee the availability and/or technical feasibility of these orders or late changes.
- From August 21, 2026, **no order or modification** can be taken into account.

DISTRIBUTION OF POWER SUPPLIES PER BOAT

Indicate boats without an electric power. The quays have a maximum electric power that cannot be exceeded. If it is not possible to install the requested electric power, the organiser will inform you.
